CHERRY CREEK / UPPER TUOLUMNE RIVER CHERRY POWERHOUSE TO MERAL'S POOL

MEETING TIME:

6:00am unless otherwise specified

MEETING PLACE:

SIERRA MAC RIVER TRIPS HEADQUARTERS
27890 Highway 120, Buck Meadows, CA 95321

GETTING THERE: We meet in the parking lot of Sierra Mac Headquarters at 27890 Highway 120, 13 miles east of the town of Groveland. If coming from the west, after you pass Buck Meadows look for the Vista Point/Rim of the World overlook on your left, followed by Packard Canyon Road on your right. We are just beyond on the north (left) side of the road. If you are coming from the Yosemite area, we are about ½ mile beyond the Cherry Lake Road. Pay attention--our place comes up quickly!

Driving time from the Bay Area is about 3 ½ hours; from Manteca, about 1 ½ hours; from Los Angeles, about 7 hours; and from Yosemite's northwest entrance gate (Big Oak Flat), about 25 minutes. We can also arrange local pickups at the Pine Mountain Lake Airport for travelers arriving by private plane.

PLEASE NOTE

- If you will NOT be available by phone before your trip, contact our office at 209-591-8027 within 48 hours of meeting time to reconfirm logistics.
- Be on time or you may forfeit your trip! If you are late, call us ASAP at the above number. Cell phone coverage is spotty and unreliable along Highway 120. If you need to contact us you may have to stop and use a land line.
- Internet mapping systems (Google, MapQuest, GPS) incorrectly locate our meeting place and often direct travelers to take much longer and circuitous routes. Reconfirm driving directions with a standard map from AAA or other source.

Welcome to Class V, the ultimate challenge in white water rafting! Having pioneered commercial Class V river trips on the Cherry Creek/Upper Tuolumne and the classic Main Tuolumne, we at Sierra Mac are excited to share these thrilling adventures with you. It is important to realize that these trips are intense and demanding passenger participation experiences. A successful Class V run depends on you and your boat team.

DEPARTURE DAY LOGISTICS

The release schedule from upstream dams dictates our 6 am meeting time. It is imperative that you arrive on time to coincide with the perfect flow needed to successfully navigate this demanding run. At the parking lot, you will be met by your guides and fitted in a wetsuit, helmet and high flotation lifejacket. We will also provide a high calorie but light "power breakfast" before getting in our shuttle van and heading to the Cherry Creek launch point.

Please come dressed in your river attire. If you are on an overnight trip, have your gear ready for transfer into our waterproof bags. (See the section on Overnight Trips for more information.) These will meet you at the end of your Upper Tuolumne run and transferred to a cargo boat for the remainder of the trip.

We recommend leaving a hide-a-key on your vehicle while on the river. We have never had a problem with theft or break-ins but please take normal precautions.

TRAINING SEMINAR

After arriving at the river you will go through an intensive whitewater field course which includes training in swift-water swimming, boat navigation, paddling techniques, and safety procedures. If, in our opinion (or yours), you are not ready for this rigorous experience following the training seminar, you will be asked to return with the shuttle van. We do everything we can before the trip to screen potential paddlers and give them a clear picture of what this unique trip entails, but occasionally we do need to send people back. (In this case you will receive a 50% refund.)

TYPICAL SCHEDULE

We are usually on the river by 8am and finish the run with a delicious celebratory lunch around 1:30pm. High energy snacks and drinks are provided throughout the day. You are back at your car around 2:30pm. If you are on an overnight trip, your personal gear will meet you at the lunch spot and you will proceed to your campsite from there.

During the summer you can expect hot days and warm nights. Spring and fall weather is generally mild but rain showers can occur at any time. During shoulder seasons, please bring suitable rain gear.

GRATUITIES

We are often asked if tipping is appropriate. Tips are certainly appreciated by our guides. Tips normally range from 5% to 10% of the trip cost. Whether and how much you tip should depend on your satisfaction with the trip, your feelings towards tipping and your financial means. At the end of the trip guests usually give their tip to the lead guide, who will split it equally among the crew.
